2024 COLLECTION

CHAPTER IV

Maresía

A premium collection of silk dresses with enchant that extend beyond borders. Elevated bridal pieces blend in with accessories in a beautiful symphony where sculptural lines take a new course and extend through the dress. Inspired by nature, our 2024 Collection evokes beauty, liberty and the depth of emotions surrounding change. Chapter IV is made of 15 dresses in exquisite silk fabrics, with elongated silhouettes, plunging backs and diffuse volume adorning the chest and sleeves.
